Good Afternoon Hazelwood Families!

I hope everyone had a great week. Please read below for a few important updates:

Elementary Grading

During the school closure, teachers will continue to engage students in continuous learning, as well as provide feedback to families. For 3rd trimester grades, on the final report card, scholars will receive an "NA" (Not Assessed During This Reporting Period), as students are not required to turn in assignments. Beginning in June, we will assign the end of year diagnostic assessment which will help us determine the strengths and next steps for each scholar in reading and math. This data will be helpful to us as we prepare for the upcoming school year. Additionally, we will begin to assign growth monitoring checks which will help us determine whether scholars are on track or not on track to meeting end of year goals in math and reading. This will allow us to support you during the closure with resources and materials to help your scholar continue to make growth. Please stay tuned for more information coming next week.

Spring Portraits

Unfortunately, Dorian Studios employees have still not returned to work due to the state-wide stay at home order. As soon as they return, we should hear more information about when you will receive your portraits.

Stay Connected

Please don't hesitate to reach out to your scholar's teacher or the team! We are here to help and happy to support you during this time. Teachers have been asked to connect weekly with scholars/families, so please don't hesitate to use this time to let us know how we can best support you and your family.

Have a great weekend,

Tracey Tymczyszyn

Principal
